12th Annual Junior League House Tour to Include White Webb

On October 21, 2006, the New York Junior League will hold its 12th annual house tour. From 10AM - 4PM, stunning New York apartments and townhouses will be opened to the public to raise funds in support of the many non-profit groups that the Junior League sponsors. Matthew White's striking, Italianate apartment and Frank Webb's sleek, modern apartment, both located in a landmark McKim, Mead and White building, will be a part of the tour. Since both designers love to entertain, the theme of "Stylish Entertaining Spaces" perfectly suits these two gentlemen and their inviting apartments.
